

Local Government Critical Infrastructure Planning Grant

Background

The Local Government Critical Infrastructure Planning Grant is open for applications. This grant provides financial assistance on a matching basis to local governments for project planning, engineering, analysis, and other related professional services in support of critical infrastructure projects.

Requirements

- Projects must be eligible under the Clean Water State Revolving Fund or the Drinking Water State Revolving Fund.
- The maximum grant amount is \$100,000.
- The local government must provide a one-to-one match for this grant. (Committee with designated Qualified Census Tracts according to the ARPA may have this requirement waived).
- Grantees shall submit quarterly reporting on the grant funds including:
 - Project progress report including completion of deliverables included in the project scope.
 - Accounting of expenses incurred, and grant funds expended.
 - Relevant information or records to be determined by the County.
- Grantees shall submit a final report by the end of the agreement or within 30 days after Project completion, whichever date is sooner, on the grant funds including:
 - Project completion report.
 - Full accounting of its expenditure of grant funds.
 - Certification of its use of grant funds and fulfillment of the terms of the Agreement.
 - Relevant information or records to be determined by the County.
- Funds received from this grant must be used by September 30, 2023.

Timeline

12/20 – Grant opens

1/31/2022 – Grant Closes

02/22/2022 – Grant award notifications begins

Scoring

These five desired outcomes reflect the values of Oakland County and are consistent with the State of Michigan 21st Century Infrastructure Report. Each desired outcome will be scored on a value from one to five. A score of five means that the project is essential for the community's success in meeting the

desired outcomes in that specific area. The highest score a community can achieve is 25 points. The outcomes are:

- Protecting Public Health.
- Preserving Natural Resources and a Healthy Environment.
- Maintaining Reliable, High-Quality Service.
- Assuring Value for Investment.
- Contribute to Economic Prosperity.
