

FOOD PROTECTION MANAGEMENT CERTIFICATION COURSES - SPRING 2023

Food Protection Management Certification

This course covers the following principles: causes and prevention of foodborne illness, bacteriology, safe food handling techniques, safe food storage, cleaning and sanitizing procedures, pest control, employee personal hygiene, employee education and motivation, and management's rights and responsibilities. This program satisfies the food protection management certification requirement for the Oakland County Health Division (OCHD) Sanitary Code, Article IV, as well as the Michigan Food Law, Act 92 of 2000.

Food Protection Management Recertification

This course is designed for students who have already received a certificate from a previous food protection management certification course and need to become recertified due to an expired certificate. This course covers the same material as the 16-hour course; however, it is in an abbreviated format. This class is designed to have four (4) hours of course lecture and review.

If a certificate is more than ten (10) years old, it is recommended that the full 16-hour certification course be taken. Students **MUST** provide a copy of their previous certificate from a State of Michigan approved food protection management certification course at the time of registration.

Who May Attend: Restaurant operators, food service managers, or anyone interested in food service sanitation is welcome.

Attendance: Attendance is **required** for the duration of the class. Late arrivals for the recertification course will be required to re-enroll in another available course.

Refunds: Once enrolled for a class, there will be NO refunds. Students are not permitted to transfer to another class unless arrangements are made 10 days prior to the start of the class they are enrolled in.

To Register: Complete the registration form and mail or deliver to OCHD with the appropriate fee and a copy of your previous certificate (if applicable). Classes fill quickly; therefore, early registration is recommended. If you have any questions, please contact OCHD at 248-858-1312 or OCHDCertifiedFoodManagerTraining@oakgov.com

YOU WILL NEED TO BRING A VALID PICTURE I.D. TO CLASS OR YOU WILL NOT BE ABLE TO SIT FOR THE EXAM.

It is recommended that students pick up a book prior to class. Books can be obtained at either of our two offices.

North Oakland Health Center
1200 N. Telegraph Rd., Bldg 34 East
