Secretary of State

John Strodbeck reported that appointments with Secretary of State should be becoming easier to get, as they are working through their backlog.

Duplicate tabs can be ordered through the online services at www.Michigan.gov/SOS

Social Security Administration

Takeya Haugabook reported that ALL local Social Security Administration offices should now have a drop-box. As a reminder, even items placed in drop-box are returned by mail. If clients want to have tracking on their documents, they can send a prepaid envelope with USPS/FedEx to have their documents sent back in. Social Security Administration is looking at other methods for tracking returned documents. Appointments cannot be made to pick up documents; the only appointments are for NEW Social Security cards.

Work with your local office to determine what secondary information will be accepted. For print out of Social Security number, use the verbiage "I want verification of my social security number" and
