

NOTICE OF MEETING
OAKLAND COUNTY LOCAL EMERGENCY PLANNING COMMITTEE

**There will be a meeting of the Oakland County LEPC, at 9:00 AM on Tuesday, November 1, 2022
At the Oakland County Emergency Operations Center, 947 S Campus Dr, Waterford, MI 48328**

AGENDA

- I. CALL TO ORDER at 0905hrs
- II. Roll Call (see attached sign-in sheet, quorum was met)
- III. Approval of Minutes from 8/2/2022 Meeting: Motion by Blanchard, Second by Neufeld, Passed
- IV. PUBLIC COMMENT: None
- V. OLD BUSINESS
 - a. LEPC Exercise subcommittee report
 1. HazMat TTX on 12/8/2022 discussion: Chair reported that preparations will not be complete in time to host this TTX, so it will be rescheduled for the first quarter of 2023.
 - b. LEPC Bylaws subcommittee report: Page reported that Committee still needs to meet to finalize proposed Bylaws before sending them to Oakland County Corp Counsel. Hopeful that there will be a full report by next meeting.
 - c. Spills report
 1. Wixom Hexavalent Chromium Spill: Page updated the group with a complete review of the 7/30/2022 incident. Of the original feared 8,000 pound release, EGLE now estimates that only 20 pounds made it into the local watershed. The vast majority of the remaining product was contained at the Tribar facility, and some was contained at the Wixom water treatment plant. Incident was ruled accidental, but caused by human error (a junior plant operator improperly discharged product from a holding tank, circumventing plant safety protocols). EGLE may take administrative action against Wixom water treatment plant, in addition to penalties against Tribar.
 2. Spills reported by MABAS 3210/3202 HazMat Teams: Page summarized four release/spills reported to OCEM by MABAS 3201 (gasoline spill at Mobil in White Lake on 10/31/2022 and Ace Cool spill at Midwest Glass Fabricators in Highland on 7/3/2022) and 3202 (diesel spill on Telegraph at E Quarton in Bloomfield Twp on 6/14/2022 and an unknown oily substance spilled at TCC Auto Center in Southfield on 4/22/2022) HazMat Teams:
 - d. Industry Outreach Conference: Page reported on the current status of the plan for the Conference. Four hours from 0800-1200hrs, with lunch to follow.

Vendors and HazMat teams will have displays. Format will include presenters discussing how to handle a spill/release from beginning to end (including potential litigation). Also, EGLE will present on how to comply with annual Tier II Manager requirements.

1. February 8, 2023, 0800-1300hrs
2. Proposed Agenda
3. Industry Participants
4. Remaining tasks

VI. NEW BUSINESS

- a. Pick a site for a live meeting for the February 7, 2023 LEPC meeting: Oakland County EOC will host, unless another site volunteers.
- b. Upcoming training opportunities: None reported.
- c. Web site issues: The OCEM website is being updated by Page and EM Staff in the following ways below.
 1. Creating a new HazMat reporting tab on OCEM Website
 2. Correcting/updating all information on the site
- d. Elect new LEPC members: Motion by McClellon, second by Blanchard, passed. Matthew Adams present for the meeting and introduced himself.
 1. Matthew Adams, AAM Metal Forming
 2. Natalie Fox, Atlas Copco Henrob

VII. GOOD OF THE ORDER: Suggestion was made to inquire with EGLE about obtaining read-only access to Tier II Manager for all LEPC members. Page will investigate.

VIII. ADJOURNMENT: Motion by McCanham, second by Blancard, passed. Concluded at 0931hrs.

Judy Wheeler, MSSM, CHSP, PEM, PCP – Chair
Prepared by Information Coordinator Darin D. Page
