

How To: Converting Your Lawn to Native Plantings

Saturday June 15th 10a - 1p
361 S. Paddock St - Pontiac

Curious about the nuts and bolts of replacing your lawn with native pollinator plants? Join Emily Cunningham of Growing Pontiac and Kristine Hahn of MSU Extension to learn several practical methods for getting more biodiversity into your grass lawn space.

Free event! Parking across the street at Habitat for Humanity. Questions? Email hahnk@msu.edu
