

CALL FOR ENTRIES

2024-2025 Oakland County Treasurer's

Financial Empowerment Arts Contest

What is financial empowerment?

Money does more than just put food in your kitchen and clothes in your closet. When you make smart choices, it also opens opportunities and gives you independence. Having the skills to save, borrow, invest, and budget to achieve goals—that's pretty powerful. Because knowing how to handle money is more important than having it.

What does financial empowerment mean to you?

We all have different goals and challenges. Show us what empowerment looks like to you with an original piece of art. The 2024-2025 Oakland County Treasurer's Financial Empowerment Contest is open to current Oakland County public high school students, with cash prizes for top entries in each grade.
